

## Research Skills Awards Recipients 2011-2016

Year	Recipient	Supervisor	Award Purpose
2011	<b>Michelle North</b> (PDF) Queen's University	Anne Ellis	Visit to Dr. Michael Kobor's laboratory at The University of British Columbia, Vancouver, BC, re: Epigenetics, Illumina 450K Methylation BeadChip microarray
2012	<b>John Gordon</b> (Investigator) University of Saskatchewan	n/a	5th Annual Prairie Infection and Immunology Networking Meeting, Moose Jaw, SK
2013	<b>Yuka Asai</b> (PhD[c]) McGill University	Ann Clarke	Summer Institute in Statistics, Seattle, WA
2013	<b>Laura Zuccaro</b> (BSc) McMaster University	Parameswaran Nair	Summer internship at the Karolinska Institutet's Centre for Allergy Research (CfA), Stockholm, SE, Prof. Sven-Erik Dahlén, re: Expression of bitter taste receptors by real time polymerase chain reaction (RT-PCR) to detect levels of RNA expression
2013	<b>Leslie Moss</b> (FIT) McMaster University	Michael Cyr	American Association of Immunologists (AAI) - Basic Immunology Course, Philadelphia, PA
2013	<b>Meghan Azad</b> (PDF) University of Alberta	Anita Kozyrskyj	Lab visit to University of Colorado Boulder, Boulder, CO, Dr. Rob Knight, re: Microbiome Research (bioinformatics and data analysis)
2013	<b>Anita Kozyrskyj</b> (Investigator) University of Alberta	n/a	Lab visit to University of Colorado Boulder, Boulder, CO, Dr. Rob Knight, re: Microbiome Research (bioinformatics and data analysis)
2013	<b>Amrit Singh</b> (PhD[c]) The University of British	Scott Tebbutt	Research visit to The University of Queensland Facility for Advanced Bioinformatics (QFAB), Brisbane, AU, Dr. Kim-Anh Le Cao, re: Statistical methods, R-coding (co-funded by MSFHR)
2014	<b>Leah Shaver</b> (MSc[c]) University of Waterloo	Nancy Fenton	<i>Working with Texts in Institutional Ethnography</i> workshop at the University of Toronto, Toronto, ON
2014	<b>Petya Koleva</b> (PDF) University of Alberta	Anita Kozyrskyj	Visit to Dr. James Scott's laboratory at University of Toronto, Toronto, ON, re: DNA isolation from fecal and biopsy samples
2014	<b>Pia Reece</b> (PDF) McMaster University	Judah Denburg	Visit to Dr. Michael Kobor's laboratory at The University of British Columbia, Vancouver, BC, re: Computational methods for epigenetic analysis

2014	<b>Jeremy Hirota</b> (PDF) The University of British Columbia	Chris Carlsten	The Banff Centre's 2014 Science Communications Program
2014	<b>Suharsh Shah</b> (PhD[c]) University of Calgary	Robert Newton	Visit to Dr. Anthony Gerber's laboratory at Jewish National Health in Denver, CO, re: Chromatin transcription (ChIP)
2015	<b>Emilie Bernatchez</b> (PhD[c]) Université Laval (IUCPQ)	Marie-Renée Blanchet	Research visit to Dr. Kelly McNagny's laboratory at The University of British Columbia, Vancouver, BC, re: CD34 family of proteins and transgenic mice available to study allergic disease
2015	<b>Daniel Beurivage</b> (PhD[c]) Université Laval (IUCPQ)	Louis-Philippe Boulet	Questionnaire validation (Measures and Evaluation) at the Woolcock Institute of Medical Research in Sydney, Australia, re: Patient-completed Asthma Knowledge Questionnaire
2015	<b>Loubna Akhabir</b> (PDF) The University of British Columbia	Denise Daly	Complex Trait Analysis of Next Generation Sequence Data course in Berlin, Germany
2015	<b>Loubna Akhabir</b> (PDF) The University of British Columbia	Denise Daley	Visit to Dr. Denburg's laboratory at McMaster University, Hamilton, ON, re: TSLP gene and proteins and in asthma pathogenesis facilitating future collaborations
2015	<b>Ali Hosseini</b> (MSc[c]) The University of British Columbia	Michael Kobor	Canadian Bioinformatics Workshop: Informatics for RNA-seq Analysis in Toronto, ON
2015	<b>Sarah Koch</b> (PhD[c]) The University of British Columbia	Chris Carlsten	Flow Cytometry Workshop at The University of British Columbia Biomedical Research
2015	<b>John-Paul Oliveria</b> (PhD[c]) McMaster University	Gail Gauvreau	McNagny Lab Visit, The University of British Columbia
2015	<b>Maxwell Tran</b> (UG) McMaster University	Gail Gauvreau	McNagny Lab Visit, The University of British Columbia
2015	<b>Sarah Koch</b> (PhD[c]) The University of British Columbia	Chris Carlsten	Saltin International Graduate Course in Clinical & Exercise Physiology, in Toronto, ON
2016	<b>Katherine Lorte</b> (PhD[c]) Université Laval (IUCPQ)	Marie-Renée Blanchet	Research visit to Dr. Kelly McNagny's laboratory at The University of British Columbia, Vancouver, BC, re: CD34 as a therapeutic target for allergic inflammation and asthma
2016	<b>Michael Chen</b> (UG) McGill University	James Martin	6 <sup>th</sup> Lower Saxony International Summer Academy (LISA) for Immunology, at the Hannover Medical School in Hannover, Germany
2016	<b>Stephanie DeLorenzo</b> (Respiratory Therapist) The Hospital for Sick Children	Padmaja Subbarao	Lung function testing workshops for Vancouver, BC, and Winnipeg, MB, CHILD Study sites
